

The Carver Special Education Parent Advisory Council
(SEPAC), in association with

Join us for our first SEPAC meeting of the year:

UNDERSTANDING THE IEP AND 504 PROCESS Parents Rights and Regulations

Monday, October 17, 2016

6:00 pm

**Makepeace Literacy Center, School Dept. – Central Offices
3 Carver Square Boulevard, 1st floor**

Are you concerned about your child's academic progress? Do you think your child may need services? As the parent of a child with special needs, it is important to know what programs exist in your district.

Director of Special Education, Karen Teichert will be on hand to explain all that Carver has to offer.

It is just as important to understand your rights as a parent as you navigate this system and advocate for your child.

All meetings are free and open to all. Please share and spread the word!

For many children with Special Needs and their families, back to school time can be a welcome return to schedule and predictability. For others, the thought of a new year with new teachers or a new environment can be anxiety-provoking. For many it is a combination of both. We at SEPAC are here to help!

Our goal is to create a strong community of special needs families here in Carver, where we can learn from each other while providing support and understanding.

Light refreshments will be served. Childcare is available upon request.

Please call or email Carol at 508-866-4232 | spevo1@comcast.net or

Brenda at 339-788-1727 | brendapreston@yahoo.com reserve a spot for your child.
