The Partnership in Learning Initiative is a compact or agreement that makes clear what is expected from parents, students and teachers.

The purpose of the Partnership in Learning Initiative:

- ❖ For parents and teachers to work in harmony in supporting the students to increase their academic achievement.
- ❖ For parents to know and understand their role and what is expected of them to help further their child's learning experience.
- ❖ To clearly define the roles which the parents, teachers and students play in helping each student to achieve his/her greatest potential and to foster a love of learning.

All of us are asked to sign this compact- parents, students and teachers. Our signatures show that we agree to work together for the success of all students.
