NEWS & UPDATES

MOCK TRIAL

Best of luck to Mock Trial who won their competition on Wednesday March 2nd and have advanced to the next round on Sunday March 6 against the Mock Trial State Champion team for the past several years!

BE AN "11"

7th grade students will be participating in a full day leadership workshop called "Be An 11" hosted by the Captains Council. The purpose of this event is to promote the program's mission to encourage students to think about what is potentially possible if they stretch their limits to be the best they can be! Over the course of the day, students will attend various stations facilitated by high school team captains and several staff members/coaches. All of the stations will be located in the high school gym area and health room 135. We ask you to join various stations, feel free to participate in discussions/activities, and assist high school students with behavioral management as needed. Teachers can take their usual lunch period and prep.

ROBOTICS

Congrats to 1st year middle school robotics team featuring Jake Pearlman, Alex Diogenes, Luke Gregory, Emily Grover and robotics advisor Dan Ryan and assistants Tony Rota and Joe Jerolimo. The team traveled to Worcester to go head to head with the best middle school robotics programs of Southern New England last week and landed themselves runners up and just three wins away from Qualifying for the Vex World Championships in Louisville, Kentucky.

The future looks bright for the robotics program! ☺

CRUSADER CASH

You will find a block of Crusader Cash in your mailbox Monday. We encourage you to give away the Crusader Cash liberally. Please recognize students who demonstrate **RESPECTFUL behavior week 1, RESPONSIBLE behavior week 2, students who are THE BEST THEY CAN BE week 3, and any of the above week 4.** Have fun with the cash and be creative! Thank you for your support! - The PBIS Team
