

CARVER PUBLIC SCHOOLS

3 Carver Square Blvd., Carver, MA 02330

Application to Participate in Remote Learning Only

for the 2020-2021 School Year

Please complete this form for each child and submit to the Superintendent by **Monday, August 17, 2020**.

Elementary Remote Learning:

Those students and families in grades K-5 who choose to remain remote will be placed on a remote learning plan. The remote learning plan will offer K-5 curriculum and online learning that aligns with the Massachusetts curriculum frameworks. This may include placements on an educational platform that will have embedded instruction videos, readings to support course content, learning activities and assessment to measure student progress. Carver Public School staff will support students on a regular basis while they are working remotely. The Carver Public Schools will also provide opportunities for students who select the option to stay remote to make connections with their peers and the school community.

Middle High Remote Learning:

Those students and families in grades 6-12 who choose to remain remote will be placed on the Edgenuity Learning Platform and supported by Carver Public School staff. Edgenuity offers a full suite of 6–12 curriculum and online learning solutions for schools and districts that are backed by intuitive technology that gives educators the resources they need to plan lessons, execute goals, measure success, and intervene when necessary. In the Edgenuity platform all courses have embedded instruction videos, readings to support course content, learning activities and assessment to measure student progress. You can find out more information about the Edgenuity platform by visiting their website at www.edgenuity.com. The Carver Public Schools will also provide opportunities for students who select the option to stay remote to make connections with their peers and the school community.
