## **\*\*New Grab' n Go Meal Option\*\***

With all the changes 2020 has brought to us, we wanted to let you know the options available for all Carver students. The Food Service Program in Carver operates independently from the schools operating budget and is dependent on your utilization of these programs. As we continue to offer our Carver families nutritious and nourishing meals for free that will support them, both for students in school and remotely, we are now offering a new program for ease and flexibility. Starting November 30, 2020, students at the Elementary School will be able to grab a single meal bag, which includes 1 lunch and 1 breakfast option in the lobby as they exit the building during parent pick up at the end of the school day. Students have the opportunity to grab up to 3 bags depending on their weekly schedule.

Breakfast and lunch will continue to be served in the cafeteria for those students in school. For all students K-12 learning at home, curb-side pickup of meals will also continue to be available at the Carver Elementary School on Mondays & Wednesdays from 11:30-12:30.

**If your student has not participated in any of our school meals, please consider trying this new program!**

Please reach out with any questions you may have.

Regards,

*Theresa Vernazzaro*
