We strongly encourage parents/guardians to make appointments with one or all of the individual student's teachers, the student's guidance counselor, and/or the assistant principal or principal. This is a good opportunity to strengthen the partnership between home and school. You may simply want to connect with your student's teacher to gain insight into the school day. You may want to address a concern or want to celebrate an achievement in a particular subject area. Please take advantage of this time to have some quiet conversation with our faculty and staff.

As always, please don't hesitate to call if you have any questions or are having any trouble scheduling online.

Sincerely,

M. Schultz
