

Vision

The Diversity, Equity and Inclusion Committee engages all stakeholders of the Carver Public Schools to design and implement strategies that value diversity and ensure equity. The committee will do this through courageous conversations and actions which support a culturally inclusive community in a changing global society.

Goals

- Implement baseline assessments to determine our status in relation to our vision.
- Foster a sense of belonging where all members of the school community feel included.
- Establish recruitment and retention practices that increase the diversity of the staff.
