

Carver Elementary Literacy Vision

We believe that all students can achieve success in literacy and become lifelong readers and learners.

To attain this goal, our students will build their knowledge and imaginations by reading and listening to rich, complex, and engaging texts; our teachers will foster perseverance, curiosity, and critical thinking skills through developmentally-appropriate student choice and differentiated instruction. With strong foundational skills, these literary experiences will inspire and prepare our students to become informed and active citizens in our ever-changing world.
