In the event of an impasse, the one-week's notice does not apply.
- B. If the negotiations described in this Section A reach an impasse, the procedure described in Chapter 150E of the M.G.L will be followed.

ARTICLE III **GRIEVANCE PROCEDURES**

A. Definitions

1. A grievance is defined as a complaint by the Association, the Committee, an Employee or Employees, based upon an alleged violation of or variation from one or more terms or provisions of the Agreement or the interpretation or application thereof.

2. A "party-in-interest" is the person or persons making the claim, the Association, the Committee, and/or any person who might be required to take action or against whom action might be taken in order to resolve a claim.
3. "School days" shall mean days when school is in session for students.

B. Purpose

1. The purpose of this procedure is to secure, at the lowest possible administrative level, equitable solutions to the problems which may from time to time arise, affecting the welfare or working conditions of Employees. Both parties agree that these proceedings will be kept as informal and confidential as may be appropriate.
2. Nothing herein contained will be construed as limiting the right of any Employee having a grievance to discuss the matter informally with any appropriate member of the administration, and having the grievance adjusted without intervention by the Association, provided the adjustment is not inconsistent with the terms of this Agreement, and that the Association has been given the opportunity to be present at such adjustment and to state its views.

C. Procedure

Since it is important that grievances be processed as rapidly as possible, the number of days indicated at each level shall be considered as maximum and every effort should be made to expedite the process. The time limits specified may, however, be extended by mutual agreement.

If, at the end of ten (10) school days next following the occurrence of any grievance, or the date of the first knowledge of its occurrence by any Employee affected by it, the grievance shall not have been presented at Level One of this procedure, the grievance shall be deemed to have been waived. Any grievance in course shall also be deemed to have been waived if the action required to present it to the next level in the procedure shall not have been taken within the time specified therefore.

In the event that a grievance is filed on or after June 1, which if left unresolved until the beginning of the following school year, could result in irreparable harm to a party in interest, the time limits set forth herein will be reduced so that the grievance procedure may be exhausted prior to the end of the school term or as soon thereafter as is practicable.

Level One:

The grievance shall be presented, in writing by the Employee and/or the Association to the principal or to the appropriate immediate supervisor of the Employee on the Grievance Form, as agreed on by the Association and the Committee.

Level Two:

If, at the end of the five (5) school days next following such presentation the grievance shall not have been disposed of to the Employee's and/or the Association's satisfaction, the Employee and/or Association may, within ten (10) school days thereafter, present the grievance in writing to the Superintendent or designee, who shall, within five (5) school days thereafter, meet with the Employee and/or the Association in an effort to settle the grievance.

Level Three:

1. If, at the end of ten (10) school days next following such presentation to the Superintendent, the grievance shall not have been disposed of to the Employee's and/or the Association's satisfaction, the Employee and/or the Association may, within ten (10) school days thereafter, present the grievance in writing to the Committee; and, within ten (10) school days or the next Committee meeting, whichever comes first, the School Committee shall meet with the Employee and/or the Association in an effort to settle the grievance.
2. In the event that the Committee has a grievance against the Association and/or any Employee the grievance will commence at Level Three. The Committee will notify the Association in writing relative to the alleged grievance. Within five (5) school days after receiving the written grievance the President or his/her designee will meet with the Committee for the purpose of discussing and/or resolving the grievance.

Level Four:

If, at the end of the twenty (20) school days following the presentation of the grievance in writing to the Committee, the grievance shall not have been resolved to the satisfaction of the Employee and/or the Association, the Association may, within twenty (20) school days thereafter, submit the grievance to the American Arbitration Association for disposition in accordance with the applicable rules of the American Arbitration Association.

If the Committee grievance has not been resolved after ten (10) school days following the initial meeting between the parties, then the Committee may within the subsequent ten (10) school days give a written notice to the Association of

the Committee's intent to file for arbitration. If the grievance still remains unresolved, the Committee may file for arbitration within ten (10) school days following the Committee's giving notice to the Association.

Grievance Resolution: The Arbitrator shall have jurisdiction only over disputes arising out of grievances as defined in this Article. The Arbitrator shall be without power and authority to do the following:

1. to add to, modify, or subtract from the provisions of this Agreement;
2. to rule on an issue which has been excluded from the grievance and arbitration provision of this Agreement;
3. to rule on an issue which is reserved by law to the Committee;
4. to modify or negate decisions and/or policies of the Committee which are made pursuant to its rights or authority under the law, and/or its management rights, provided these decisions and/or policies do not violate a provision or provisions of this Agreement;
5. to make an award which may cause or require the Committee to violate State or Federal Law, or any rules, regulations, or decisions issued under the authority of the Commonwealth of Massachusetts or of the United States Government;
6. to award any relief for any period of time prior to the date of the submission of the grievance or the date by which the aggrieved party knew or could, with reasonable diligence, have known of the act or condition on which the grievance is based;
7. the Arbitrator may not substitute his/her judgment for that of the Committee nor its agents when they exercise their judgment pursuant to their reserved rights or to their authority under the law, provided the judgment of the Committee or its agents does not violate a provision or provisions of this Agreement;
8. the decision of the Arbitrator, if within the scope of this jurisdiction, shall be final and binding upon the parties hereto except for review or confirmation as provided for by M.G.L. Chapter 150C and/or other applicable laws, and the Arbitrator shall be requested to issue a decision within thirty (30) days after the conclusion of testimony and the submission of briefs;
9. compensation for the services of the Arbitrator will be borne equally by the Committee and the Association, but each party shall bear its own expenses for the presentation of its own case.

If any Employee shall present any grievance without representation by the Association, the disposition, if any, of the grievance shall be consistent with the provisions of this Agreement; and if the Association shall so desire, it shall be permitted to be heard at each level of the procedure under which the grievance shall be considered.

D. Grievance Mediation

The party seeking arbitration may, together with the notification of intent to arbitrate, offer to the other the option to join in grievance mediation. Grievance mediation shall not be deemed an alternative to arbitration of the grievance and may be conducted simultaneously with the utilization of the arbitration procedure.

In the event the parties agree to submit the grievance to grievance mediation, they shall jointly petition the Board of Conciliation and Arbitration to initiate expedited mediation. The mediation shall be conducted in accordance with the grievance mediation rules and/or procedures of the Board of Conciliation and Arbitration.

It is understood by the parties that the respective positions of the parties in attempting a mediated resolution of the dispute in no way shall prejudice the parties and their respective positions in the event no settlement is reached in mediation and the matter continues to arbitration.

E. Rights of Employees to Representation

1. No reprisals will be taken by the Committee or by any member of the administration against any party in interest, any school representative, any member of the PR&R Committee, or any other participant in the grievance procedure by reason of such participation.
2. A party in interest may be represented at any stage of the grievance procedure by a person of his own choosing except a representative or officer of any teaching organization other than the Association. When an Employee is not represented by the Association, the Association shall have the right to be present and to state its views at all stages of the grievance procedure.

F. Miscellaneous

1. If, in the judgment of the Professional Rights and Responsibilities Committee of the Association ("PR&R Committee"), a grievance affects a group or class of Employees, the PR&R Committee may submit such

grievance in writing to the Superintendent directly, and the processing of such grievance will be commenced at Level Two. The PR&R Committee may process such a grievance through all levels of the grievance procedure, if a majority of those affected wish it to be done.

2. Decisions rendered at Levels One and Two of the grievance procedure will be in writing, setting forth the decision and the reasons therefore, and will be transmitted promptly to all parties in interest and to the Chairperson of the PR&R Committee.
3. All documents, communications, and records dealing with the processing of a grievance will be filed separately from the personnel files of the participants, and will be available to the Chairperson of the PR&R Committee and administrators included in the proceedings.
4. Forms for filing grievances, serving notice, taking appeals, making reports and recommendations, and other necessary documents will be jointly prepared by the Superintendent and the Association and given appropriate distribution so as to facilitate operation of the grievance procedure.
5. Attendance by Employees and Association representatives at Level Four grievance meetings held during the school day shall constitute authorized absence without loss of pay.

ARTICLE IV **MANAGEMENT RIGHTS**

The parties recognize that the Committee is a public body established under and with powers provided by the General Laws of the Commonwealth of Massachusetts, and that the Superintendent and principals are provided with powers and responsibilities under such laws and nothing in this Agreement shall derogate from those powers and responsibilities. The Committee, Superintendent and principals retain those rights, powers, and duties they now have, may be granted, or have conferred upon them by the General Laws of the Commonwealth.

The parties further recognize and agree that, except as otherwise specifically relinquished, abridged, or limited by terms or provisions of this Agreement, the Committee, Superintendent and principals continue to retain, whether exercised or not, the right, power, and authority to exercise the duties, powers, responsibilities, and rights provided by the Laws of the Commonwealth and applicable rules and regulations of administrative agencies issued under such Laws.

The Association recognizes that the Committee has responsibility for establishing and implementing educational policies of the public schools covered by this Agreement, for the management of such schools, and the direction of their operation.

To the extent permitted by Law, the Committee, Superintendent, or principal may annually reappoint or replace department heads, extracurricular advisors, and/or coaches.

No action taken by the Committee, Superintendent or principals with respect to such rights and responsibilities shall be subject to the Arbitration provisions of the Agreement unless such action violates a provision or provisions of the Agreement.

Consistent with this Agreement, the Employer, Superintendent, and principals shall have the right and responsibility for the management of the affairs of the school system and the direction of the working forces including, for example, the following:

- A. To determine the care, maintenance and operation of the equipment and property used for and on behalf of the purposes of the Employer.
- B. To establish or continue policies, practices, and procedures for the conduct of the Committee's business and from time to time, change or abolish such policies, practices, and procedures, provided such policies, practices, and procedures or the change in or abolition thereof do not violate a provision or provisions of the Agreement.
- C. To determine work schedules and assignments of Employees.
- D. To select and determine the number and types of Employees required to perform the Committee's operations.
- E. To evaluate the Employees' work performance, subject to the parties' collective bargaining obligations pursuant to Chapter 150E of the M.G.L. or other applicable Law.
- F. To employ, transfer, or demote Employees, or to layoff, terminate, or otherwise remove Employees from duty for lack of work or other legitimate reasons in accordance with this Agreement and the Law.

The listing of the specific rights of management in this Article is not intended to be nor shall be considered restrictive of any other rights of the Committee, Superintendent or principals provided by the Law and/or this Agreement.

ARTICLE V

The salaries of all persons covered by this Agreement are set forth in Appendix "A," which is attached hereto and made a part hereof.

ARTICLE VI

3. Teachers in grades 6 - 12 shall have, in addition to their lunch period, at least one (1) preparation period of consecutive minutes equal to a class period per day, during which they will not be assigned any duties.

B.

1. The work year of teachers (except first year teachers who may be required to attend additional orientation sessions) will begin no earlier than the Monday before Labor Day and terminate no later than June 30th. The number of days for teachers will be one hundred eighty-four (184), to include the day before the opening of school for students, which, consistent with established practice, shall serve as a day of preparation for the opening of school without the scheduling of professional development programs. Administrative meetings will not exceed two and a half (2.5) consecutive hours on the day before the opening of school for students. The two and a half (2.5) consecutive hours does not include any morning recognition ceremony/function. The number of days with the students shall be no more than one hundred eighty-two (182).

It is agreed that any and all professional development days for teachers will be scheduled to occur before March 30 of each year.

It is further understood that teachers shall have the option of using one of the professional days to participate in a program or activity of their choice and design so long as it has been approved in advance by the Superintendent/designee. In deciding whether to grant approval, the

Superintendent/designee will consider whether the program or activity directly relates to a district, school, or individual goal as documented on strategic, improvement, or professional development plans. It is also understood that teachers shall have an additional half day professional day to participate in any program of their choice, on a professional development date that is chosen at the building based level. Examples of programs or activities that may or will be approved include but are not limited to the following:

- a. Independent/group projects in instruction or curriculum

The workday for grades 6-12 will begin fifteen (15) minutes before the students' school day and will end when the principal deems a teacher's professional duties are complete. The workday, however, shall not extend beyond seven (7) hours. Prior to and following the students' school day, teachers will be available to provide academic assistance to students. All elementary teachers shall have either the first fifteen (15) minutes or second fifteen (15) minutes of the first thirty (30) minutes of the workday as duty free.
 4. There will be a minimum of five (5) in-service training sessions per year. No more than one (1) of the above sessions will be scheduled in any given month. Other sessions may be scheduled with the consent of the School Committee at the request of the Association. On these days Preschool - Grade 5 students will, under the supervision of their teachers, be released by 11:45 a.m. Middle High School students will be dismissed at 10:55 a.m. All teachers will have a thirty (30) minute duty free lunch period. Employees will remain until the end of their normal school day, with the

exception that on those days when there is a system-wide in-service, all employees will remain until 3:00 p.m.

5. The Association and the Committee recognize the importance of continuing professional development for teachers through a regular program of high quality, relevant in-service education. To that end, it is essential that teachers be included in the planning of such programs and that such programs incorporate experiential workshops, exposure to current research, curriculum and development. Teachers will be offered the opportunity to plan and conduct the professional development activities at their respective grade levels for at least one (1) of the early release days described in Section B.4 above. It is agreed that the program of professional development activities planned and conducted by the staff must be approved by the building principal. In addition, teachers will be provided an opportunity to provide input regarding professional development activities through a written survey to be conducted at least annually.

If the Superintendent determines it to be necessary in order to implement new educational policy adopted by the Committee, reasonable efforts will be made to provide time for preparation and implementation during in-service time afforded the professional staff.

- C. Employee participation in extracurricular activities will be voluntary, and Employees will be compensated according to Appendix "A" of this Agreement. This does not preclude or inhibit any member of the staff from offering voluntary professional service.
- D. Teacher-parent conferences will be scheduled throughout the year at the request of the teacher, parent, and/or principal; first priority in scheduling will be given to the parents' availability. For preschool - Grade 12, two formal teacher-parent conference days will be scheduled annually. Conferences on these days shall be during a two-hour period scheduled between the hours of 12:00 noon and 3:00 p.m., as well as during a two-hour period scheduled between the hours of 6:00 p.m. and 9:00 p.m. They shall be scheduled by the principal after consultations with the faculty.
- E. Building principals will give 72 hours' notice to the staff in their respective buildings of any impending meetings to be held which the staff will be required to attend unless extenuating circumstances necessitate a meeting. Members of the bargaining unit may be required to be present beyond the normal workday up to twenty (20) times per year for up to one hour each time for the purpose of attending staff meetings. No more than three (3) of these meetings may be held in any one-month, except in an emergency.

- F. The Committee and Association recognize that the teacher assistants are an integral part of the elementary education of the Carver Schools and shall be employed at the discretion of the Committee. Provisions of this Section shall not be subject to the grievance and arbitration procedure.
- G. All Employees shall be required to attend one (1) mandatory evening parent-teacher (Open House) per year. It will be held within the first two (2) weeks of the school year, if convenient, but no later than by the end of September.
- H. The work year for guidance counselors at the Middle/High School shall include time beyond the teacher work year sufficient to complete the responsibilities of the position. The responsibilities include the tasks associated with the opening and closing of the school year. Pay will be on a per diem basis for a minimum of seven (7) days and a maximum of ten (10) days. The number of days shall be determined by mutual agreement of the building principal and the counselor.

ARTICLE VII
CLASS SIZE

- A. The Committee and the Association recognize that class size is an important factor in good education.
- B. The Committee will make every effort to maintain an average class size of twenty-five (25) pupils, subject to safety considerations, existing space availability, and other educational considerations.
- C. Both the Committee and the Association recognize the need to frequently confer over possible solutions to problems of class size, and to that end, the Committee agrees to teacher participation in the development of such solutions.

ARTICLE VIII
PROFESSIONAL DEVELOPMENT AND EDUCATIONAL IMPROVEMENT

- A. The Employer will pay the reasonable expenses (including fees, meals, lodging and/or transportation) incurred by teachers who attend worthy civic functions, workshops, seminars, conferences, or other professional improvement sessions with the advance submission of a Request for Professional Day form and approval of the Superintendent.

B. The Employer agrees to release, at no loss of compensation, three (3) members from the Association for the annual PCEA Leadership Conference, the Plymouth County Teachers' Convention, and the M.T.A. Convention at no expense to the Employer.

1. Members of the bargaining unit shall be reimbursed up to one thousand four hundred fifty dollars (\$1,450.00) per member for each fiscal year for up to one hundred percent (100%) of the cost of course(s) taken for professional development, provided the total amount for course reimbursement each fiscal year shall not exceed \$58,000 and provided said course(s) are approved and completed within the same fiscal year and meet at least one (1) of the following criteria:

- a. The course is within the scope of the employee's certification.
- b. The course is within the scope of the employee's teaching position at the time the employee submits a "REQUEST FOR COURSE APPROVAL/TUITION REIMBURSEMENT" form.
- c. The course is necessary to achieve the goals set forth in the employee's Individual Professional Development Plan and/or Individual Educator Plan.
- d. The course is the requirement of a Masters, C.A.G.S., EDD, or PHD program in a field related to education for which the employee is enrolled.

The Superintendent may in his/her sole discretion approve reimbursement for courses that do not meet any of the stated criteria. Any course(s) meeting the above criteria and/or courses that do not meet any of the stated criteria but approved by the superintendent for reimbursement will count for the purpose of movement on the columns of the salary schedule.

2. All certified and licensed professional employees hired after July 1, 2003 must complete the Research for Better Teaching (RBT) "Studying Skillful Teaching)" course no later than the conclusion of their sixth year of employment in Carver. Any certified and licensed professional employee who enrolls in the "Understanding Teaching I" course will be reimbursed for the entire amount of the tuition. This tuition reimbursement shall be in addition to the reimbursement available for other approved courses under Paragraph C(1).

ARTICLE IX
TEACHER EMPLOYMENT

- A. Upon initial employment, credit for placement on the salary schedule may be given for previous, recent satisfactory teaching experience from accredited institutions. The decision of the Superintendent regarding such credit shall not be subject to the arbitration provisions of this Agreement.
- B. Credit may be granted for other experience, in accordance with the provisions of Article X (Equivalent Credits).

ARTICLE X
EQUIVALENT CREDITS

- A. At the discretion of the Superintendent, credit for placement on the Salary Schedule may be granted for:
 - 1. Full-time employment, if the duties performed or skills acquired bear relation to the proposed assignment of a teacher as defined below in Section D.
 - 2. Unique preparation for teaching.
 - 3. Unusual services, experience, or recognition in the field of education.
- B. At the discretion of an Equivalent Credits Committee of the Association, recommendations may be made to the Superintendent that credit be granted for:
 - 1. Attendance at educational institutes, workshops, or similar programs specifically related to a teacher's field of work.
 - 2. Research or other special projects considered to be of unusual value toward the welfare of the students.
- C. Credit may be granted in the form of: (1) an advance in steps; (2) professional credits beyond the Bachelor's and Master's Degrees; or (3) a combination of both.
- D. In the foregoing statements the word "teacher" refers to any full-time certified professional employee.
- E. Decisions of the Superintendent under this Article concerning whether or not to grant credit for experience obtained prior to commencing employment by the Carver School Department shall not be subject to the grievance and arbitration provisions of this Agreement.

ARTICLE XI
TEACHER ASSIGNMENT AND NON-TEACHING DUTIES

- A. Teachers will be notified in writing of their programs for the coming school year, including the grades and/or subjects that they will teach, and any special or unusual classes that they will have as soon as practicable. Every effort will be made to achieve this not later than one (1) week prior to the close of school.
- B. In order to assure that pupils are taught by teachers working within their areas of competence, teachers will not be assigned, except temporarily and for good cause, outside the scope of their teaching certificates.
- C. Teachers who teach grades 6-12 and are assigned more than a total of three (3) course preparations, shall receive a stipend of \$700 per any additional course preparations over three. To the extent possible, assignment in the school will be done with mutual agreement of teacher and administrator. A course preparation is defined as a unique course curriculum taught in separate class periods. The number of course preparations shall be determined by semester, rather than over the course of a year. (For example, a teacher who teaches 3 courses in semester 1 and 3 different courses in semester 2 would not be eligible for a stipend under this paragraph, as the teacher had only 3 course preparations during any given semester.)
- D. Teachers will not be required to perform the following duties:
 - 1. Collect money from students for non-educational purposes, including, but not limited to lunches, milk, and pictures. Teachers may be required to collect and transmit money to be used primarily for educational purposes under extreme circumstances and for grade level field trips, provided that the District will provide a secure location in the office for storing such money. CMHS teachers will deliver the collected money to the office, whereas the administration at the elementary level will arrange for pickup of collected money from the classrooms.
 - 2. Drive pupils to activities which take place away from the school building. Teachers may do so voluntarily, however, with the advance written approval of their principal or immediate supervisor.
 - 3. Perform non-professional assignments including, but not limited to, the supervision of the cafeteria, except in emergencies or under unusual circumstances.

- E. Playground supervision shall be according to the following rates:
 - 1 to 7 classes 1 teacher plus 2 non-unit A employees
 - 8 to 16 classes 2 teachers plus 2 non-unit A employees
- F. Assignment of non-teaching duties shall be done in a fair and equitable manner on a rotation basis.

ARTICLE XII
VACANCIES AND PROMOTIONS

- A. Whenever any vacancy in a professional position occurs it will be adequately publicized by the Superintendent by means of a notice placed on the Association bulletin board and via electronic mail in the schools five (5) days in advance of the appointment being made. In addition, any such notice will be provided to the Association President at least five (5) days prior to the appointment being made.
- B. All qualified teachers will be given adequate opportunity to make application for such positions, and the principal and/or the Superintendent shall give due weight to the professional background and attainments of all applicants, the length of time each has been in the school and other relevant factors. In filling such vacancies, preference will be given to qualified teachers already employed by the Committee. Each teacher applicant who meets minimum qualifications, as set forth in the posting, will be afforded the courtesy of an interview by the Superintendent, principal and/or their designee(s). In addition, each teacher applicant not selected will, upon request, receive a written explanation from the Superintendent, principal, and/or their designee(s).
- C. Appointments will be made without regard to race, creed, color, religion, nationality, sex, or marital status.
- D. In the event a newly hired Employee resigns prior to assuming his/her duties, an alternate applicant may be hired without re-posting the position as vacant.

ARTICLE XIII
EMPLOYEE EVALUATION

- A. All monitoring or observation of the work performance of an Employee will be conducted openly and with full knowledge of the Employee. Employees will be given a copy of any evaluation report prepared by their supervisors and will have the right to discuss such report with their supervisors. No Employee shall receive adverse comments in the presence of pupils or other bargaining unit employees.

B.

1. A personnel file shall be maintained by the School Department for each Employee in the Office of the Superintendent. If the Superintendent or designee determines that complaints or other material which reflects negatively upon an Employee are to be placed in a personnel file, the Employee shall be provided an opportunity to review such material and asked to sign a copy for placement in his/her personnel file. The Employee's signature will signify only that he/she has seen such material.
2. An Employee shall have the right to answer in writing any complaints filed in his/her personnel file, and his/her answer shall be attached to the complaint and reviewed by the Superintendent. The failure of the Administration to respond in writing to the aforesaid Employee's answer shall not indicate agreement with the Employee's answer.
3. The Association recognizes the authority and responsibility of the principal for disciplining or reprimanding an Employee for delinquency of professional performance. If a Principal has a reasonable belief that a meeting with the Employee may lead to a reprimand or other discipline, the Principal shall so inform the Employee and the Employee may choose to have a member of the Association present at the meeting. If an Employee is to be reprimanded or disciplined by a member of the administration above the level of principal, he/she is to be given 48 hours' notice in writing of such action; and shall have the right to have a member of the Association present. Nothing herein negates the rights the Employee may have under Massachusetts General Laws Chapter 71 sections 42 and 42D.
4. Upon written request, each Employee shall have the right to review the contents of his/her personnel file. At the Employee's request, a representative of the Association may accompany the Employee in such review. Facilities shall be available for the Employee to make photocopies at his/her expense of such contents and records as concern his/her work or him/herself. Nothing shall be included in an Employee's personnel file without notification of the Employee.

- C. No Employee will be disciplined or reprimanded without just cause. The provisions of this Article are not intended to restrict the Superintendent's or principal's sole right to appoint or not to appoint teachers without professional teacher status under the provisions of M.G.L. Chapter 71.

- D. The Parties will meet during the term of the collective bargaining agreement to consider and to fulfill any obligations to negotiate over the implementation of updates and revisions to Article XIII (Employee Evaluation), to Appendix A and to Appendix C that may be appropriate based upon new regulations/guidance that have been or may be made at the state/federal level.

ARTICLE XIV
PAID SICK LEAVE

- A. Employees will be entitled to fifteen (15) paid sick leave days each school year as of the first official day of said school year, whether or not they report for duty on that day, except for Employees who were not employed by the Carver School Department during the previous school year shall receive such credit from the day they actually report to work. Employees who are hired to begin work after the normal commencement day for the opening of the school shall receive a prorated number of days of sick leave depending on the date of hire. In cases of merit, the Carver School Department may allow sick leave beyond the above limit. Sick leave days may be accumulated from year to year to a maximum of 235 days:

Employees who have accumulated the maximum number of days as set forth above prior to the start of school year will receive 15 days of non-cumulative annual sick leave.

- B. In addition to personal illness or injury, paid sick leave may be utilized for the following purposes:
1. One (1) day when emergency illness or injury in the family requires an Employee to make arrangements for necessary medical and nursing care.
 2. A maximum of ten (10) paid days per school year for a serious illness in the immediate family, which shall include the Employee's spouse, child, son/daughter-in-law, parent, father/mother-in-law, sibling, or other resident member of the Employee's household. It is understood that the granting of leave under this paragraph is upon the condition that the Employee's personal attention is necessary for the care of the member of the household and that no other capable person is available to perform such care.
- C. Employees may be requested to take sick leave when, in the opinion of the principal, it is undesirable for physical reasons to continue their duties.

- D. Each Employee will be given an annual statement of his/her accumulated sick leave within four (4) weeks after the beginning of the school year or with the first payroll check.
- E. In the event that an Employee goes home due to illness after completing one-half or more of the day, he/she shall receive payment for the entire day with no deduction from sick leave. Failure to complete at least one-half day shall result in leave charged to sick leave.
- F. The Superintendent or designee may request a medical statement regarding the health status of any Employee who is absent more than five (5) days in succession.

ARTICLE XIV A
STANDARDS OF ATTENDANCE

The parties to this Agreement agree that consistent attendance of Employees is essential to providing education of the highest possible quality to students. Employees are expected to be at work on a regular, continuing, and consistent basis. An excessive or unusual amount of absence from work is contrary to the employer's attendance expectations and requirements.

Such excessive absenteeism or unusual pattern of absence (including unexcused absences prior to or following a holiday, school vacation period, weekend, or leave) on the part of a Employee may warrant an explicit explanation to the Superintendent or designee. The Superintendent or designee may require an Employee to produce a medical certificate of disability from a regularly licensed and practicing physician when an Employee's use of sick leave is reasonably suspected of being excessive. The Committee reserves the right to monitor and record Employee absenteeism from the workplace regardless of its cause. The Superintendent or designee(s) may meet with, talk to, or otherwise communicate with Employees concerning their attendance. Employees may, at their option, have an Association representative present as an observer at any such meeting. The Employer reserves any rights it may have under the law and this Agreement with respect to issues concerning Employee attendance.

ARTICLE XV
SICK LEAVE BANK

- A. Upon the effective date of this Agreement, a sick leave bank for use by eligible Employees who have exhausted their own sick leave and who have serious illness, shall be established by an assessment of one (1) sick leave day from the entitlement of every Employee.

- B. At the end of each school year, all days remaining in the bank shall be carried over in the sick leave bank for the following school year.
- C. Any grant of sick leave by the Sick Leave Bank Committee to an eligible Employee shall not exceed thirty (30) days. Upon the exhaustion of any grant, the Employee shall apply to the Sick Leave Bank Committee for further sick leave. The maximum numbers of days available to a member of the sick bank shall be seventy-five (75) days per school year except as otherwise provided in this section. Under extenuating circumstances, the Sick Leave Bank Committee may grant a member days beyond the seventy-five (75) day limit.
- D.
 - 1. Application for Benefits
 - i. Application to the Sick Leave Bank Committee for benefits must be in writing to the Superintendent and must be accompanied by medical evidence of illness, submitted by certification, by a state-certified Medical Doctor, state-certified Chiropractor or a state-certified practicing medical specialist affiliated with a Medical Doctor. A second opinion by a specialist in the area of the illness may be requested by the Sick Leave Bank Committee with costs paid for by the District.
 - ii. Application for benefits may be made prior to the employee's exhaustion of his/her own personal sick leave to expedite the process, but drawing upon the Bank will not actually commence until after the employee's own sick leave days are exhausted, adequate medical evidence has been provided, and the Sick Leave Bank Committee has approved the days; and in no event, unless the illness has exceeded ten (10) consecutive school days. Under unusual circumstances, the Association may submit a written request on behalf of an eligible employee.
 - 2. Composition of Committee and Criteria for Determining Eligibility

The sick leave bank shall be administered by a Sick Leave Bank Committee consisting of four (4) members. Two (2) members shall be designated by the Committee to serve at its discretion, and two (2) members shall be designated by the Association. The Sick Leave Bank Committee shall determine the eligibility for use of the bank and the amount of leave to be granted. All decisions of the Sick Leave Bank Committee shall be by majority vote. A tie vote shall constitute a denial of sick leave. The following criteria shall be used by the Sick Leave Bank Committee in administering the bank and in determining eligibility and amount of leave:

- i. Adequate medical evidence of serious illness.
 - ii. Prior utilization of all eligible sick leave.
 - iii. Length of service in the Carver or Plymouth/Carver Schools.
- E. If the sick leave bank is exhausted, it shall be renewed by an assessment of one (1) additional day of sick leave by each Employee. Such additional day will be deducted from the Employee's annual fifteen (15) days of sick leave. The Sick Leave Bank Committee shall determine the time when it becomes necessary to replenish the bank.
- F. Upon retirement, an employee shall donate twenty percent (20%) of his or her accrued sick leave to the Sick Leave Bank.

ARTICLE XVI
TEMPORARY LEAVES OF ABSENCE

- A. Employees will be entitled to the following temporary leaves of absence, with pay, each school year:
 - 1. Employee Business Leave
 - a. In any school year, an Employee will be granted two (2) days of paid leave to conduct personal or legal business under the following conditions:
 - i. It is recognized that the absence of the Employee from work interrupts and diminishes the scheduled work of Employees and must therefore be kept to a minimum. It is understood that Employees will make every effort to attend to their personal business on non-working days and/or during non-working hours and that requests for business leave will be submitted only when every effort has been made to schedule business so as to not interfere with the teaching commitment. Such leave will be for the purpose of conducting personal and/or legal business which requires the absence of the Employee during work hours and which cannot otherwise be scheduled.
 - ii. Application for personal business leave (except in cases of emergency) will be made at least seventy-two (72) hours before taking such leave, and shall be subject to the approval of the Superintendent in advance of such absence in accordance with the provisions of this Article. If, because of

lack of time in an emergency situation permission is sought and granted orally, such permission must be confirmed in writing using the standard procedure. Under no circumstances may a day be taken for the purpose of extending a weekend, vacation or holiday. However, if said day abuts a vacation or holiday, or if the Employee seeks to use two days at a time, the Superintendent is authorized to approve use of such day only for an urgent need.

- b. A form for Employee Business Leave will be mutually agreed upon.
 - c. The number of business days granted on any given day may be limited by the Superintendent in the light of staffing needs.
 - d. Unused personal days shall be added to the employee's sick leave accumulation.
2. Time necessary for appearances in any legal proceedings connected with the Employee's employment or with the school system, if the Employee is required by law to attend.
 3. Up to five (5) days in the event of death of an Employee's spouse, child, son/daughter-in-law, parent, father/mother-in-law, sibling, or other resident member of the immediate household. Employees will be granted up to four (4) days at a time in the event of death of an Employee's grandfather, grandmother, brother/sister-in-law, uncle, aunt, niece, or nephew unless said relative is a member of the immediate household in which even the Employee will be entitled to the aforesaid five (5) days. Employees will be granted up to one (1) full day of bereavement leave in the event of the death of an employee's personal acquaintance or family member not otherwise described in this paragraph. It is agreed that if an additional bereavement day is necessary, it may be taken as a personal business day under this Article.
 4. One full day with pay to attend the wedding of a member of the immediate family (son, daughter, ward, brother, sister, parent, legal guardian).
 5. Under extenuating circumstances up to three (3) days may be granted for an Employee's own wedding when recommended by the principal and approved by the Superintendent.
 6. Two (2) days without loss of pay may be taken where established religious discipline makes it mandatory upon the Employee to be absent from school. However, if the Employee believes that a third day is necessary to

fulfill his/her religious obligations, this third day may be taken with the provision that an amount equal to the daily compensation rate of a substitute teacher will be deducted from his/her salary on the payment following said absence.

7. One (1) day shall be granted to attend the graduation of a son or daughter or spouse, from a secondary or post-secondary school.
 8. Upon the recommendation of the immediate supervisor or the building principal, and the approval of the Superintendent, Employees shall be granted a temporary leave of at least one day per school year for the purpose of visiting other schools or attending meetings or conferences of an educational nature. Requests for leave taken under this Section will be on an appropriate form provided by the Administration and must normally be submitted at least one (1) week in advance.
 9. One day's leave without loss of pay for appearance in any court proceeding in which the Employee has been subpoenaed to testify as a witness, provided that the Employee is not a party to the legal proceedings.
 10. An Employee called for jury service shall be excused from his/her normal duties for each day or a substantial part thereof which he/she serves, and shall be paid the difference between his/her normal per diem salary and the payments received for such service for each day of jury service or substantial part thereof.
 11. One (1) day leave without loss of pay to attend to military matters involving immediate family members (i.e., employee's spouse, child, son/daughter-in-law, parent, father/mother-in-law, sibling, or other resident member of the immediate household), such as events related to the deployment for or return from active duty, graduation from training camps and or military training schools, and the like.
 12. Additional temporary leaves of absence with pay may be granted at the sole discretion of the Employer.
- B. Leaves taken pursuant to Section A above will be in addition to any paid sick leave to which the Employee is entitled. No Employee will be required to arrange for his/her own substitute.

ARTICLE XVII

The Committee agrees that one (1) teacher designated by the Association will, upon request, be granted a leave of absence without pay, for the purpose of engaging in Association (local, state, or national) activities. ARTICLE XVII **PARENTAL LEAVE**

- A. Parental leaves will be granted to employees in accordance with the Massachusetts Parental Leave Act at MGL Chapter 149, Section 105D (MPLA) and the Family Medical Leave Act (FMLA). All leaves under these statutes and under this article are deemed to run concurrently.
- B. An Employee who wishes to take leave under this section shall inform the Superintendent in writing on designated form of the anticipated date of departure at least eight (8) weeks in advance. (In the event of notification by an appropriate agency of an adoption date less than eight (8) weeks in advance, the notice date will be adjusted accordingly.) At the time of the notification, the employee will select one of the following two (2) options, to the extent eligible:

Option A – Statutory Leave Only: Unpaid Massachusetts Parental Leave (MPLA) or unpaid leave under the Family Medical Leave Act Leave.

Option B – Statutory Leave, followed by Extended Leave for Employees with Professional Teacher Status. The Statutory Leave will be followed by unpaid extended leave through the end of the school year in which approved Statutory Leave concludes or through the end of the following school year.

C. The following applies to Option A:

1. The duration of Statutory Leave shall not exceed eight (8) consecutive weeks from the date of birth or adoption if under the MPLA or in the case of FMLA leave, twelve (12) consecutive workweeks from the date of the leave's commencement.
2. An Employee who is pregnant or giving birth may substitute her accumulated paid sick time during this period to cover days during the school year when she is medically incapacitated from working in her professional role. An employee who gives birth is presumed to be medically incapacitated from working for twelve weeks immediately following the birth. The Superintendent may require an employee to submit adequate evidence of medical incapacity for any other period of incapacity relating to pregnancy/childbirth.
3. Employees who are adopting or otherwise taking parental leave without giving birth may substitute fifteen (15) workdays of paid leave, to be deducted from accumulated sick leave.
4. At the time the Employee requests parental leave, the Employee shall select and notify, in writing, the Superintendent of the anticipated date of return. If the Employee fails to so notify the Superintendent in writing or does furnish written notice and fails to return to duty at the expiration of the leave, the employee shall be deemed to have resigned unless the failure to return is because of medical incapacity, as documented by a physician, in which case the employee shall be placed on sick leave to the extent the Employee has any remaining.
5. An Employee who has complied with all of the above prescribed conditions shall be, upon return, returned to the employee's original position with the same status, pay, length of service credit, and seniority, wherever applicable, each of which shall continue to accrue during the leave.

D. The following applies to Option B:

1. The duration of the leave shall be for a period of up to two (2) years from the date of its commencement.

If the Employee complies with this notification, the Employee will be able to change the return date, provided said new return date is within a period of less than two (2) years from the commencement of her leave.
4. When an Employee returns to work at the beginning of a school year, as prescribed above, the employee shall be returned to the original position, if possible, or to a substantially equivalent position.
5. An Employee may request to return to work at any time other than at the beginning of a school year within a period of less than two (2) years from the date of the leave commenced. The Employee shall be able to return to work if there is an available position, or one that becomes available, for which the Employee is certified. An available position is defined to be one that is not being held by a member of the bargaining unit.
6. An Employee must notify the Superintendent, in writing, between January 15 and February 1 of the school year proceeding the return (first scheduled day of the school year) date agreed upon, of the intention to return to duty at the expiration of the leave. If the Employee fails to so notify the Superintendent in writing, or does furnish said written notice and fails to return to duty at the expiration of the leave, the Employee shall be deemed to have resigned, and the obligation of the Employer to provide a position for the Employee shall cease.
7. An Employee returning from parental leave of absence will be returned to his/her previous position or a substantially similar position. An Employee who, at the time said leave commenced was assigned to perform the additional duties of a position described in the Schedule of Supplementary Compensation set forth in said Appendix A shall have no right to return to such position upon his/her return from leave. At the time of return, the employee shall have the same status, pay, length of service credit on the salary schedule, and seniority, sick leave accrued but not used during the leave as of the date of the commencement of the leave. Upon return, the Employee shall be advanced to the next step on the salary schedule, provided the Employee has taught at least ninety-one (91) days during the year in which the parental leave commenced.

- h. In order for entitlement to sick leave benefits to apply for certified disability for childbirth and recovery therefrom in connection with additional siblings, the Employee will have to return to full-time active services and be granted an additional leave of the type provided under Option A or Option B above. The parties agree that sick leave benefits for disability due to childbirth and recovery therefrom will not be allowed for an employee who is on any kind of approved extended leave of absence. In addition, Employees will not be entitled to sick leave benefits for any other illnesses and/or disabilities incurred while on parental leave, except as provided in this Article. In order to access extended leave for subsequent births or adoption, the employee must return to active service for at least one full school year prior to becoming eligible for additional Extended Leave under Option B.

- B. In making transfers, the convenience and wishes of the individual teacher will be honored to the extent that these do not conflict with the best interests of the children and the school system.
- C. When involuntary transfers are necessary, the teacher's area of competence, major and/or minor field of study, quality of teaching performance, and length of service in the Carver School System will be considered in determining which teacher is to be transferred. Teachers being involuntarily transferred will be transferred only to a comparable position. An involuntary transfer will be made only after a meeting between the teacher involved and the Superintendent or designee, at which time the teacher will be notified of the reasons for the transfer. In the event that a teacher objects to the transfer at this meeting, upon the request of the teacher, the Association will be notified and the Superintendent or designee will meet with the Association's representatives to discuss the transfer.
- D. A list of open positions in other schools will be made available to all teachers being transferred, and all other factors being substantially equal, preference will be given in filling such positions on the basis of length of service in the Carver school system.
- E. Notice of transfer will be given to teachers as soon as practicable. Every reasonable effort will be made to achieve this not later than one (1) week prior to the close of school.
- F. Teachers desiring a transfer will submit a written request to the Superintendent stating the assignment requested. Such requests must be submitted prior to May 1 of the forthcoming school year. All transfer requests will be acknowledged in writing. All teachers filing a written request for transfer may see a list of vacancies as of June 1 of the forthcoming school year. As soon as practicable and under normal circumstances not later than one (1) week prior to the end of school, the Superintendent will notify each teacher who has filed such statement, of the action taken in regard to his request for transfer. Such notice shall include the reasons for any denial of a teacher's request for transfer. These reasons provided shall not be subject to the grievance and arbitration provisions of the Collective Bargaining Agreement.

- G. Requests may be renewed in writing each year.
- H. Whenever open positions exist that may require the involuntary transfer of teachers, the Employer will request that teachers volunteer to transfer to these positions. The Employer will fill these positions from those qualified volunteers before initiating any involuntary transfers. It is recognized that the final decision of transfer or assignment must rest with the Employer.

ARTICLE XXIV
REDUCTIONS IN STAFF

The following provisions for personnel reduction shall apply solely to teachers with professional status. In the event it becomes necessary to reduce the number of teachers, the Superintendent will take into consideration length of service, ability, and qualifications; and when all the factors that constitute ability and qualification are relatively equal, length of continuous service shall prevail. The laid-off teacher or the teacher whose position is eliminated, shall (A) be transferred to an open position for which he/she is qualified or could become qualified before the effective date of the layoff, or (B) replace a teacher with the lowest seniority anywhere within the Carver school system in an area which the laid-off teacher is qualified.

"Qualified" means that the teacher has on file with the Office of the Superintendent evidence that he/she possesses the necessary qualification or can obtain said qualification(s) by the effective date of his/her layoff and that the teacher has demonstrated an ability to perform satisfactorily in the discipline in which there is an opening, or a less senior teacher. "An ability to perform satisfactorily" shall mean: 1) having satisfactorily performed full-time, for a minimum of one hundred thirty-six (136) school days within a school year in the last six school years, or 2) in addition to being certified in the area of cross-bumping the teacher must have recent (within the last three years) positive evaluations supporting and documenting the qualifications necessary for the assignment. "Discipline" refers to areas of certification as defined by the Massachusetts Department of Education, Board of Certification. "Seniority" means a teacher's continuous length of service in years, months, and days in the bargaining unit. Teachers shall be credited for seniority purposes with all time spent on any paid leave of absence provided for in this Agreement. Effective September 1, 1999, any member of the bargaining unit who begins an unpaid leave of absence on or after September 1, 1999, shall not accrue seniority while on said unpaid leave of absence. Any such member of the bargaining unit who returns to a paid status following any unpaid leave of absence shall have his/her seniority accrued at the time the unpaid leave commenced restored to the member upon his/her return to a paid status. In cases involving teachers who have identical seniority, preference for retention or recall shall be given to the teacher who has achieved the highest level of training.

Teachers who are to be affected by a reduction in staff must be notified in writing no later than June 15 of the school year preceding the year in which the reduction will take effect. Said notice shall include the specific reasons for the layoff. Teachers who have been laid off shall be entitled to recall rights for a period of time equal to the length of continuous service on the effective date of their respective layoffs, but under no circumstances more than two (2) years. During the recall period, teachers shall be notified by certified mail to their last address of record, and given preference for positions as they develop in the inverse order of their respective layoff and all benefits to which a teacher was entitled at the time of layoff shall be restored in full upon reemployment within the recall period. During the recall period, teachers who have been laid off shall be given every consideration for substitute work, if they so desire. Laid-off teachers may continue group Health and Life Insurance coverage during the recall period as provided by the Employer to teachers by reimbursing the Employer for premium cost. Failure to forward premium payments to the Employer or refusal to return to employment upon recall will terminate this option. While laid off teachers continue to have recall rights, the Employer agrees not to hire any new teachers unless:

- A. No teacher on layoff is qualified to fill a position, nor could become qualified prior to the date the position must be filled; and,
- B. All qualified teachers on layoff declined an offer to fill the vacancy.

A list specifying the seniority of each Employee shall be prepared by the Employer and forwarded to the President of the Association within thirty (30) days following the execution of this Agreement. An updated "Seniority List" shall be supplied by the Employer annually thereafter.

ARTICLE XXV **CONTINUITY OF OPERATIONS**

No public employee or employee organization shall engage in a strike as defined in M.G.L., Chapter 150E, and no public employee or employee organization shall induce, encourage, or condone any strike, work stoppage, slowdown, or withholding of services by such public employees.

ARTICLE XXVI
PART-TIME EMPLOYEES

Employees who work on a less than full-time basis shall have the following items prorated:

1. Salary
2. Sick Leave
3. Longevity Payments
4. Seniority

Part-time Employees who may convert to full-time Employee status will be credited with an appropriate number of sick days consistent with their prorated days accumulated during part-time service. For example, an Employee who works three (3) full days each week for a school year shall receive nine (9) full sick days per year. An Employee who works five (5) one-half days per week for a school year shall receive fifteen (15) half-days of sick leave for that year, which would convert to seven and one-half (7 1/2) full sick days.

The pro-ration of longevity payments shall mean that while years of service toward eligibility for longevity payments will not be prorated, the amount of longevity payment will be prorated, consistent with the percentage of time an Employee works per week for a school year compared to the amount of time a full-time Employee works per week for a school year.

ARTICLE XXVII
COMMITTEES

A. Joint Labor Management Committee

A Joint Labor Management Committee shall be convened no later than November 15th, and shall consist of two (2) members appointed by the Association, two (2) members appointed by the School Committee, and one (1) member of the School Committee, to discuss issues around Work Load, including but not limited to the following:

- a. Professional Duties
- b. Progress/Grade Reports
- c. Relevant training prior to the expectation of mastery and implementation of new Local, State and/or Federal mandates and/or initiatives, and new District adoptions, programs or curricula.

This Committee shall meet no less than twice per year and shall issue recommendations by majority vote but does not have the authority to modify the terms of Collective Bargaining Agreement.

B. Health and Safety Committee

The Committee and the Association are committed to maintaining a safe and healthful workplace. Employees who identify health and safety issues should bring them to the attention of their building principal. If the issue remains unresolved after a reasonable period of time, it should be referred to the Superintendent, who will respond in writing within fourteen (14) days. If the Employee is still not satisfied, the matter may be brought to the attention of the Committee.

Additionally, the District shall establish a District wide Health and Safety Committee, which will meet at the request of the Association or Superintendent up to two times per year, with the understanding that the Association and Superintendent have the option of scheduling additional meetings if both deem appropriate to address specific circumstances. The Association may appoint up to two representatives from each worksite, and the Superintendent will appoint administrators not to exceed two per worksite. Further, the Association or Superintendent may invite individuals who have knowledge of specific events or who have relevant professional expertise relating to a specific health and safety issue, so long as advance notice is provided.

ARTICLE XXVIII
RETIREMENT NOTIFICATION INCENTIVE

The Employer may from time to time offer retirement notification incentives pursuant to the following conditions:

- A. A written announcement of the retirement incentive will be sent to the President of the Association and to all bargaining unit members who will be completing twenty (20) or more years of service in Carver (including service with the Plymouth-Carver Regional School) at the end of the school year in which an announcement is made.
- B. Eligible employees will be given at least sixty (60) calendar days from the date of the announcement in which to submit an irrevocable written resignation to be effective without any further action by the Employer upon the close of the school year.
- C. No later than July 31st of the calendar year in which the resignation is effective, the Employer will pay each teacher who submits a resignation the amount of money set forth in the announcement as a retirement incentive.

***Given the elimination of the bottom step and renaming of steps effective September 2022, the number of the step placement of Employees with a start date prior to June 30, 2022 will generally not be commensurate with their years of service in the District.*

*Effective September 1, 2008, modify the Masters' column of the salary schedule by eliminating the words "masters equivalent" and provide that any member currently being paid pursuant to the "masters equivalent" shall be grandfathered and shall continue to receive Masters' column pay; and provide further that any member licensed prior to January 1998, who has not yet attained the "masters equivalent" column, shall be eligible for the Masters column with a master equivalency so long as the equivalency is attained by June 30, 2011.

The following provisions are understood to accompany this salary schedule:

- A. Increments and salary adjustments are not to be considered automatic; they shall be reviewed annually and approved by the Superintendent upon recommendation of the administrative staff. Non-performance of duties or unsatisfactory performance of duties shall be considered cause for withholding a teacher's increment provided:
 1. The teacher has been notified in writing by his/her supervisor of his/her specific shortcomings at least ten (10) months prior to the date of the next scheduled salary increment (December 1).
 2. The teacher has been advised in writing by his/her supervisor of suggestions and recommendations for professional improvement at the time of No. 1 above.
 3. The teacher is assisted in an effort to improve by his/her supervisor. The teacher will cooperate in this assistance program.
 4. The teacher received a written evaluation of his/her performance no later than March 1, prior to the date of the next scheduled salary increment.
 5. The recommendation of the supervisor and the Superintendent relative to salary increments be made known to the teacher in writing at least six (6) months prior to the date of the next scheduled salary increment (March 1).
 6. Notice of the Employer's actions be communicated in writing at least four (4) months prior to the date of the next scheduled salary increment (May 1).

- B. Another factor to be considered by the Superintendent in making his/her recommendation regarding increment shall be the attendance record of the teacher. Any teacher whose increment or salary adjustment is recommended to be withheld shall be advised of that recommendation, in writing, on or before April 15 of the prior work year. However, in the event that at any time the Superintendent has concern about a teacher's attendance, he/she shall meet with the teacher to apprise the teacher of that concern. If the recommendation to withhold an increment or salary adjustment is approved by the Employer, the teacher shall be entitled to have the decision to withhold an increment or salary adjustment reviewed by the Superintendent prior to the close of the work year in which the notice was given. If the increment or salary adjustment is withheld, a decision whether to reinstate one-half of the increment or salary adjustment will be made by January 31 of the year in which it is withheld. A similar decision regarding reinstating the second one-half of the increment or salary adjustment will be made prior to the close of school during the work year in which the increment or salary adjustment is withheld. The Employer agrees that increments and/or salary adjustments shall not be unreasonably withheld.
- C. All teachers will be on proper step, subject to "A" or "B" above.
- D. Any course(s) meeting the criteria and/or courses that do not meet any of the stated criteria but approved by the superintendent for reimbursement as set forth in Article VIII, Section C.1 (Professional Development and Educational Improvement) shall count for the purpose of movement on columns of the salary schedule. In order to be placed on a new salary column, a teacher must submit his/her request for such placement to the Employer, and must supply justification in the form of transcripts, copies of degrees, or other certified documents.
- E. In order to receive a salary column change as of the first pay period of that school year, a teacher must submit all anticipated credit information by April 1 preceding the September effective date. Upon receipt of information as described in Section D, salary adjustments will be made, retroactive if necessary, to the beginning of the school year. During the remainder of the school year, one additional salary column change will be allowed, and will become effective as of January 1 of that school year, provided the teacher submits his/her request and evidence prior to February 1 of said school year, and provided further that any teacher anticipating a salary column change to be effective on January 1, so notifies the Superintendent in writing on or before September 15 of the school year in which the change is to become effective.

- F. Through August 31, 2013, any graduate credits not credited as part of the Master's Degree may be applied to movement beyond the Master's Degree.

Effective September 1, 2013, only graduate credits earned subsequent to the awarding of a Master's Degree may be applied to movement beyond the Master's Degree. This shall hold harmless and shall not affect any employee who moved lanes prior to September 1, 2013.
