Immunizations

For the most current immunization requirements for students in MA schools, please see [School Immunizations](#).

All new students entering CMHS must provide an immunization record as part of the registration process.

Upon entry to CMHS, the School Nurse will work with your family to ensure that immunizations are up to date.

Additional vaccinations required during MHS years:

Prior to entering Grade 7:

- Tdap
- MenACWY (Meningococcal) Please note that meningitis B vaccine does not meet this requirement.

Prior to entering Grade 11:

- MenACWY (2nd dose)

Exemptions:

Medical exemptions must be provided to the school nurse in writing from the student's doctor and document the reason why an individual cannot medically receive the vaccine. Medical exemptions apply to only the specific vaccines that are contraindicated.

Religious exemptions must be provided to the school nurse in writing from the parents/guardians and express that a vaccine conflicts with his/her sincerely-held religious belief. Religious exemptions must be renewed annually.
