Kindergarten Registration 2024/2025 School Year

Do you have a child ready to start Kindergarten? Will they be 5 years old on or before 9/1/24? Please see the instructions below on how to proceed with our online registration process in Aspen.

Administration is asking parents/guardians to register as soon as possible to get an accurate idea of how many students we will welcome this year.

If your student currently attends the Preschool Program at Carver Elementary School, you have already registered in Aspen. You will be contacted to set up a registration appointment.

To access Aspen, you must be using a desktop or laptop.

Once the online registration is complete, you will be contacted to make an appointment for Kindergarten Screening.

Step 1

Please use this link to set up an Aspen Account: <https://ma-carver.myfollett.com/aspen/logon.do>

(This will allow you to complete the Online Registration and enable access to your student's information once the registration process has been completed).

A screenshot of the Aspen login portal for Carver Public Schools. The page has a light blue header with the school name. Below it, there are input fields for "Login ID" and "Password". To the right of the password field is a link that says "Request an account". Below the password field are two links: "Trouble logging in?" and "I forgot my password". At the bottom left is a "Log On" button. At the bottom center is a "Log in using" section with an "AASP" icon. At the bottom is a small disclaimer box that reads: "This is a non-public portal and is intended for authorized users only. Protecting the privacy and security of your personal information is a priority. please see our". A red arrow points from the text to the right towards the login fields.

If you already have an Aspen account, please log in and complete the online registration process for your student who will be entering kindergarten.

You must request an account if you do not currently have a student enrolled in Carver Public Schools. Otherwise, you can use the account that you have already created.

Step 2

Once you complete the Account Setup, you will be directed to the Aspen Homepage. Once here, you will click the button that says “+Initiate.” This will bring you to the Online Registration Form.

Step 3

Please complete all the sections in this form. You will only be able to move to the next section if you complete all the required fields.
