- For purposes of the fee schedule, a Town of Carver Sponsored Program is any organization which operates directly through a Carver town department. Non-profits are required to submit proof of 501c3 status upon request, otherwise for-profit rates apply.
- Custodial services may be added at the discretion of the managing department based on hours, setup/clean up needs
- Fees for school-based spaces help offset building use costs. Fees for town facilities help offset maintenance of those spaces. Turf field fees help offset maintenance and eventual turf replacement.
